

# Ceremonies for Life

Honoring the human state.

## Make your ceremony a reality in just a few short steps! How it works with me:

**Budget.** Cost is one of the first things couples need to know to plan and budget. My officiant fee is based on the day and the ceremony template chosen. For instance, a basic ceremony on the weekend (Fri-Sun) is \$200, and a customized ceremony on the weekend would be \$300.

**Ping.** Once you are ready to commit to my services, please email or call me so I can check my availability and book it.

**Surf.** There is a downloadable/printable [PDF booklet](#) link at the bottom of the [Services page](#) on the CFL website. Read through my basic, pre-written ceremony templates, or we can use them as a base for building a customized ceremony which I will guide you to pull together and write for you.

**Consult.** We then need to set a date for the consultation. At that meeting, we'll discuss ideas for the ceremony. I can do it via phone, Zoom, or in-person safely. I require a \$50. non-refundable deposit at the consult to hold the date. The deposit counts towards the total fee.

**Create.** I then build the ceremony based on that meeting and email it for revisions or final confirmation.

peace, love, namaste
