

A photograph of a wedding couple dancing at night. The groom is in a light-colored shirt and dark pants, and the bride is in a white wedding dress. They are surrounded by guests holding sparklers, creating a festive atmosphere. The background is dark with blue lighting and the glow of the sparklers.

“It is like no other destination wedding on earth”

DISCOVER OUR MODERN NEW WEDDING IDEA

Is or Is Not

- NOT** a one evening 5-hour wedding and reception like at a public hotel or restaurant.
- NOT** a stale “wedding rerun” that everybody has seen many times before.
- IS** a very private Four-day/three-night destination wedding celebration that unfolds in a romantic and secluded setting.
- IS** a joyous gathering of friends and family in an exotic, tropical destination that nobody will ever forget.

A tropical beach scene with palm trees and the ocean, split by a diagonal line. The left side shows a sandy beach with a small green bush, the ocean, and several palm trees against a clear sky. The right side is white and contains text.

EVERLASTING MEMORIES

SPEND TIME WITH FAMILY AND
FRIENDS IN PRIVACY

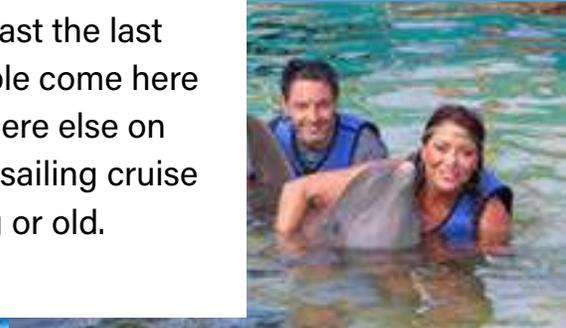

TURN YOUR DESTINATION WEDDING INTO A VACATION

With so much to see and do, it is impossible to be bored. Enjoy activities for all ages right here on the property including a private pool and an immense, private beach to play on. But, most of all, you need to jump into our warm, crystal clear water to swim, snorkel, kayak, or paddleboard.

Most people don't know that our islands boast the last living coral reefs in North America. More people come here to SCUBA dive, or learn to dive, than anywhere else on earth. Or you can all parasail or plan a sunset sailing cruise right from our dock. Great fun for young or old.

YOU KNOW ABOUT FLORIDA, BUT YOU MAY NOT KNOW ABOUT THE WEATHER IN OUR FLORIDA KEYS

Our islands are the warmest place in the US in winter (Average high is 75 in January and February) yet never exceeds 95 in summer. We enjoy more sun than Los Angeles and half the rain of Miami because of the arid trade winds. Even Florida residents visit here in summer because it is drier and cooler than the mainland.

And, unlike mainland Florida, our islands are very dry year-round. Our rain showers tend to be brief episodes that move in off the ocean on the trade winds, not all day events. This is a [link to a spreadsheet of average weather conditions](#) at our place.
