

# PEOPLES TAP

## ABOUT US

The People's Tap, nestled in the heart of downtown Greenville, is the quintessential venue. Our expansive windows and patio offer panoramic views of the Reedy River and the Swamp Rabbit Trail. We are surrounded by some notable neighbors including the Art Crossing Studios, the Peace Center, Falls Park and more!

We were established in January 2023 and 100% woman owned & operated.

## OUR SPACE

From casual parties to corporate happy hours, showers, and receptions, our semi-private space sets the stage for memorable moments.

The space combines a casual atmosphere with an elevated, modern architecture.
