ON YOUR ENGAGEMENT

Hacienda (noun) : large estate with a dwelling for a home

I'm thrilled you are considering the Lazy S Hacienda to host your wedding. We hope our home will be your home for one of the biggest days in your life.

Ranching and entrepreneurship have long been part of the Slaughter family history, beginning with the Lazy S Ranch in 1898. We created Lazy S Hacienda as an extension of our family's legacy and as an opportunity to create a space where couples can come together, families can celebrate, and everyone can share in our family's remarkable land for years to come.

This place means so much to me, and I hope that it will come to mean just as much to you as well.

Mi Casa es Su Casa,

Mamie Slaughter Hudson

WHY SAY YES

Modern Mexican Aesthetic:

The Lazy S Hacienda stands out from other venues with its gorgeous mission style architecture and extraordinary details, like the beautifully lit Talavera tile staircase.

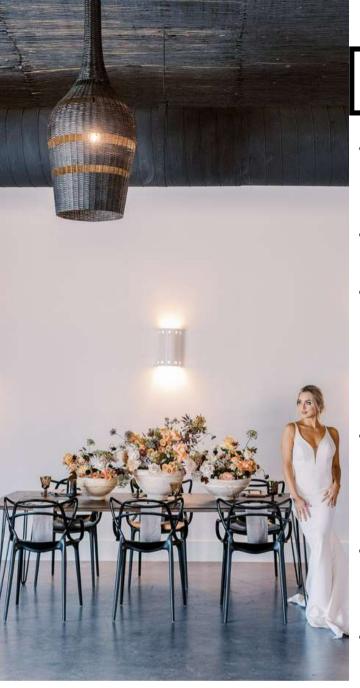

Solar Powered: Every event at the Lazy S Hacienda is powered by the sun.

Eco-Friendly: The Lazy S was built with locally sourced materials and designed for conserving water and energy. We also purchase renewable products.

Family Owned: The venue is owned by an Air Force Veteran and his wife, who strive to support their community's economy by hiring local talent and hosting community events.

Brides AND Grooms are spoiled: both have multi room suites with private baths & curated decor for magazine quality photo shoots.
