I had the opportunity to visit Flappers for the first time on Saturday night to see Hal Sparks. Unfortunately I was not able to make it to your grand opening a couple of months ago and I haven't been able to make time to see a show until last weekend. Until I saw Barbara on Saturday I haven't had a chance to talk to either of you since you opened, so I wanted to say congratulations on finally seeing your dream become a reality. Joy and I had a great time - the food and drinks were great, the service was good, and Hal and the other comics were hilarious. I am looking forward to coming back for two holiday parties in the next couple of weeks, and Christopher Titus on New Year's Eve. I'm sure Joy and I will be back many times after that. Anyway, I just wanted to say congratulations and let you know how happy I am that this was all able to come together for you. I think you are a great addition to Burbank. Please don't hesitate to let me know if you ever have any problems or issues and I will do my best to help out or point you in the right direction.

Michael D. Forbes, AICP, Asst. Community Development Director / City Planner, City of Burbank | Planning & Transportation Division

We had the great honor of helping raise some money for the Lupus Organization in Long Beach, CA. They are truly a great organization: Thank you so much for all you did Thursday night. Everyone was thrilled. This event meant so much to me and my family. You and your crew were fantastic!!!! We laughed so hard we almost cried. And Johnny was amazing. Even standing on stage with him I could not believe the tricks he was doing. Please pass this message along to Tymon and Johnny. Thank you again for such a great show. Can't wait to work with you all again next year. *Andrea, Laff for Lupus*
