- Our prices include the tax and meetings if desired. (No hidden costs.)

These are 2 of the most frequently asked questions that are proposed to us:

(1) "How can we offer such a low price for the amount of hours and Equipment you offer?"

"Because economic times are tough and the market is very competitive. **Some of our competitors' Prices (with the same amount of equipment and time) would start anywhere from \$650.00 - \$1,200.00\*\*\*\* Remember we do not charge extra fees or by the hour.**

**(2) Does a low price mean that the quality is low as well?**

No The contrary is true in this case. A large portion of the proceeds from 2011's events were used to upgrade and add additional equipment. We feel we can offer you the Best most "Exceptional Entertainment" that the DJ Entertainment market has to offer!

Word of mouth passed on by satisfied customers, is by far the best influence on the amount of business we acquire.

We invite you to find another music/DJ provider with our Experience, good Repore, and the Exceptionably large amount of Professional Equiptment; that is included starting with our \$575.00 price. (set up 3:00 PM tear down at midnight)

We also offer: **High End Entertainment!!** For those that want the most Exciting DJ/ Light Show Entertainment Wisconsin has to offer!!

SpecialFx Ultimate Dance party will thrill and Mesmerize your guests! It is just short of having a live band.

We would be happy to sit down and meet with you for an interview in the Milwaukee area or at our office and show you a short video presentation featuring last summer's events and equipment.

Thank you for your time  
Kindest Regards,  
Steve Scheid
